STORAGEBIRD LAN2
Networked storage

Issue July 2006

Pages 2

The STORAGEBIRD LAN2 is a network attached storage device which provides 250, 400 or 500 GB of storage for music, photos, videos and data files. Featuring high-speed Ethernet interface it is perfect for both home and office users and easy to install at the Ethernet port of the Router, PC or Notebook. The STORAGEBIRD LAN2 is designed to fit effortlessly into your Digital Home surrounding. Storing and sharing of data have never been easier!

- External 3.5” hard disk with Gigabit Ethernet interface
- Up to 500 GB additional storage for your home network
- Easy storing and sharing of miscellaneous data (music, photo, video and backup files)
- Sharing of files over LAN as file server (SMB) and Internet as FTP server
- Suitable for up to 32 concurrently connected users
- Fits with its stylish design in each modern living room
- Vertical and horizontal operation possible
- Ease of use – web-based installation, operation and administration are easy in just a few steps
- Security functions
- Integrated HTTP web server
- Powered via external power supply
- Aluminum enclosure with low noise internal cooling fan for continuous operation
- Automatic Power Management

Physical specifications	
Dimensions	209 x 135 x 72 mm
Weight	approx. 2100 g
Operating temperature	0 ~ 40°C
Storage temperature	10 ~ 65°C

Technical specifications	
Internal SATA hard drive	250, 400, 500 GB
Spindle speed	7200 RPM
File system	FAT 32
Interface	10/100/1000 Ethernet
Configuration	via web interface
Protocol	SMB and FTB
MTBF	20,000 h
AC adapter	+12 V DC / 3 A
Power consumption	36 W max.

Power on/off button (front panel)
Reset button (rear panel)
LEDs: Power (blue), LAN (Link/Act, green), HDD activity (green), HDD full
Gigabit Ethernet 10/100/1000 base T (full duplex operation, auto-speed select, auto negotiation)
Integrated web based user interface
Languages: English, German, French, Italian, Spanish
Easy network configuration with DHCP client (default) or Automatic Private IP Adressing (APIPA), fixed IP can be configured
Supports CIFS/SMB for easy integration into Microsoft® Windows® networks
Built-in FTP server
Integrated HTTP web server
Supports 32 concurrently connected users, up to 50 user accounts
Password security for access to the hard drive
Power management (HD sleep mode, FAN sleep mode, configuration of timeout setting through user interface)
MAC filter & IP filter
Firmware upgrade possible

Norms and standards
CE

System requirements
Microsoft® Windows® XP
Router or WLAN router with Ethernet interface
Direct connection to PC with Ethernet interface possible

Manual
Manual on CD-ROM in various European languages

Package content
STORAGEBIRD LAN 2 base unit
Power supply
EU power cord
Ethernet cable
Quick installation guide
CD ROM with manual, firmware, recycling instructions, trouble shooting software tool
